Your supervisor will receive an email with your sick time request. Supervisor approval is required for payment of sick time.

NOTE: The maximum accrual is 48 hours per fiscal year, although maximum USAGE is 24 hours per fiscal year. In other words, you may be paid up to 24 hours per year, and the balance will roll into the next year.

ALSO NOTE: Unused Sick Pay does not get paid out at the end of your employment.

Retroactive Time Entry

The following example shows you how to enter "elapsed time" onto your timesheet. This means that you are *not correcting a missed punch;* rather, you are inputting hours onto a workday that has no data entered.

Say for example that you forgot to punch in the previous day but you worked from 8:00 a.m. to 4:00 p.m. with a 30 min. lunch break at noon. The following is the best way to enter the hours.

Step 1: Access your timesheet.

•	9:21:34 am (local time
0	Clock In
G	Out to Lunch
0	In from Lunch
G	Clock Out
0	Dashboard
0	My Timesheet
0	Logout

Step 2: On the Home Screen, choose "Edit My Hours."

Time Entry	Schedules

Step 3: After scrolling up or down to the correct day, go to the "Pay Code" column; hit the drop-down arrow; choose the code "Work Time."

Step 4: Enter the time slices.

Enter the morning shift as follows:

C-+ 00/00	-	Work Time	Y	08:00 am	4.00
Sat 09/03	Build			12:00 pm	
		Please Select	¥		

Now you hit the green "+" sign to create the afternoon time slice:

	100 M	Work Time	~	08:00 am	4.00
-+ 00/07				12:00 pm	
at 09/03	+ -	Work Time	Ŧ		

The last step is to enter the afternoon shift:

103		Work Time	 12:30 pm	3.5		
			04:00 pm			
	(In the local day)	Diesse Select				

Step 5: Hit the "SAVE" button. The "Results" tab will show the total for that day.

Submitting Timesheet at the End of the Pay Period

At the end of the pay period, you will need to submit your timesheet to your supervisor for approval. Above your timesheet, next to the "Save" button, you will see the "Submit" button:

If you find that you need to make a change after submitting the timesheet, you simply hit the "Recall" button:

When you are done with your edits, hit the "Submit" button again.
